Here you are!
Here is the new catalog of Holland Snap Frame BV.

We have been in wholesale for the national and international market for almost 25 years in all kinds of displays, custom-made products and various presentation systems.

Ever since the very first beginning, we have continued to develop and we grew together with our customers.

In this catalog you will find only a selection of all the products we have. As a sister company of the market leader in the Netherlands www.isca.nl we also produce various light-boxes and advertisements for sign-makers etc.

Our goal is to create long-term partnership with our customers.

Quality and service are a first priority to us.

Our staff is trained regularly so that quality can be guaranteed.

We have a large warehouse where most products are on stock so that we can deliver you in a timely manner.

We believe you will be able to provide insight into the many possibilities we can offer you with this catalog.

On our website you will find more products and we invite you to come up with new and innovative ideas.

Register on www.hollandsnapframe.com or call us!
We are waiting for you.

Once a customer, always a customer!
We look forward to a successful partnership!

Fancy Frame, with a snap open design, is a simple to use framing system that makes changing graphics easy. The Fancy Frames are in different sizes and fits in decorative use of picture frames serving the needs of advertisers and decorators. These clip frames differ from conventional snap frame designs due to the decorative form. This decorative design catches viewer's attention on the displayed advertisements. Having a more stylish design than traditional models, these picture frames will capture the eyes within any commercial environment. Suitable to use in shops, retail stores, restaurants, hotel receptions, banks and waiting areas. Anti-glare poster cover sheet.

Autoboard Frame is one of the best and leading vehicle advertisements. It is made of a 42 mm silver-anodized security profile fitted in the sides of vehicles such as trucks, buses, ice-cream vans, etc.. In order to hang the Autoboard Frame on the vehicle, you just need to fix the screws through the channel of the frame. It is easy to change the poster and with the help of the hinges the PET front cover remains constantly fixed and stable. The protective PET front cover is standard. The rear profile of the Autoboard Frame includes water leakage holes. Anti-glare poster cover sheet included.

AUTOBOARD FRAME

- Ideal for medium-sized posters
- It is a secure hard-to-open profile.
- Suitable for open-air use or highly frequented areas accessible to the public.
- Natural Silver-anodized and various RAL colors are available.
- Anti-glare poster cover sheet.

The four sides of the lockable frame open sequentially. The last profile is held in place with a screw on top that can be opened with its key. This system ensures your poster is never accessed by unauthorized third parties. Suitable for outdoor use. The product has water drainage holes (for details see assembly sheet). Anti glare poster cover sheet.

LOCKABLE WEATHERPROOF FRAME

The lockable Window Frame system is available in a 32 mm profile. Thanks to 2 anti-reflex PET covers, your posters can be displayed both indoor & outdoor. The system includes a decorative back profile to hide the double-sided adhesive tape holding the frame up to the window. As the tape surrounds the whole frame, it prevents any water flow from the outside in order to keep your poster dry. The profiles open sequentially and the lockable system ensures your poster is never accessed by unauthorized third parties. Antiglare poster cover sheet.

The stainless steel back, depending on the size of the screen, is equipped with 4, 6 or 8 screw eyes with 6 mm holes for the implementation of the 4 mm screws. This allows up to 2 mm drill differ for each attachment point.

After mounting the STAINLESS STEEL cassette, insert the white cardboard in the cartridge to cover the inside of the back. Put the print on the white backing, preferably made on white polyester film.

After that, put the acrylic in the cassette was and press firmly to close it.

Modular alphabet with LED

The sockets to be used to collocate the letters are specially designed as Silver plated brass. Therefore it is resistant to corrosion and the relevant problems. The most important feature of modular letters is that LEDs' high lumen output with their 90.000 hrs lifetime. Injection moulded letters are UV filtered and their colour will not fade away in case of direct sunlight exposure. Their printed circuit boards are double sided and epoxide. The modular letters are impact modified and riveting method is used to prevent copper strips from being broken off. Products are for indoor use.

SMART LED LETTER

Our Textile Frame Range consists of mainly 5 different profile options. These profiles are designed to make 3 different models of Single Sided TEXTILE FRAMES, and 2 models of Double Sided TEXTILE FRAMES. Our standard Textile Frames are always supplied unassembled providing connectors, hanging parts. For the double sided ceiling hanger model, the hanging wire cable system is included in each box. Please note, ceiling hanger and 4 feet options should be ordered separately.

TEXTILE FRAMES

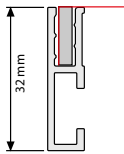

Profiles of Textile Frames

Valet Profile

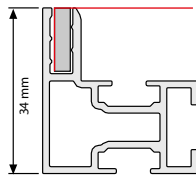

Article: UYUP014103
Valet Profile: 15x22 mm profile. The Single Sided TEXTILE FRAMES made up with Valet Profile are named as VALET TEXTILE FRAMES.

Ace Profile

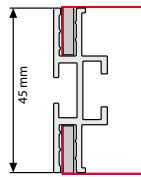

Article: UYUP014105
Ace Profile: 32x8mm profile. The Single Sided TEXTILE FRAMES made up with Ace Profile are named as ACE TEXTILE FRAMES.

Dame Profile

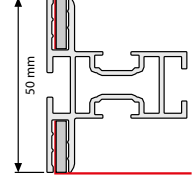

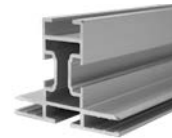

Article: UYUP014102
Dame Profile: 34x32 mm profile. The Single Sided TEXTILE FRAMES made up with Dame Profile are named as DAME TEXTILE FRAMES.

Queen Profile

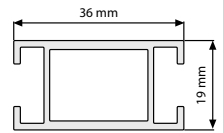

Article: UYUP014104
Queen Profile: 45x15 mm profile - Suitable for ceiling suspension. The Double Sided TEXTILE FRAMES made up with Queen Profile are named as QUEEN TEXTILE FRAMES.

King Profile

Article: UYUP014101
King Profile: 50x40 mm profile - Designed with feet for free standing. The Double Sided TEXTILE FRAMES made up with King Profile are named as KING TEXTILE FRAMES.

H Profile

Article: UYUP014106
H Profile: 36 x19 mm, 3 meters. Suitable for Ace, Dame, Queen and King profiles.

Pop-up stands are still the most popular standard display for large graphic displays. They are easy to transport, light weight, simple pop-ups and packable into a roto-molded plastic carry bag for transportation. Pop-up displays have a variety of sizes 3x3, 3x4. Panels are fitted to create a round display. Lights are included.

POP-UP MAGNETIC

Pop-up textile is a popular display for large graphic displays. Easy to transport, light weight, simple pop-ups and packable into a nylon carry bag for transportation. Pop-up textile is available in sizes 3x3, 3x4.

Easy Block

Use for firm anchoring in the soil of the Easy Flex system.

MATERIAL : Concrete

ARTICLE	DESCRIPTION
EASYBLOCK	Concrete block of 300x300x300 mm

These tensioners offers a variety of solutions for displaying both PVC banners and textile banners which are quick and easy to use.

Adhesive: Water-based acrylic
Carrier: polyurethane film
Maximum temperature: 60°C
Tensile strength: 150 N/25 mm
Adhesive strength: 6 N/25 mm
Thickness: 0,032 mm

LEDs are light emitting diodes. These are electronic components that convert electrical energy directly to light through the movement of electrons within the material of the diode. LEDs are important because due to their efficiency and low energy. They are beginning to replace most conventional light sources.

Duxoled universal LED modules: suitable for light boxes, channel letters, light lines and shop interiors. Duxoled LED modules are specifically designed for the sign and retail industry.
